

## Admission Advising

### Guidelines

#### **Graduates of Dabney S. Lancaster Community College A.A.S. Forest Management Technology**

Virginia Polytechnic Institute and State University (Virginia Tech) and Dabney S. Lancaster Community College, recognizing the need to provide special opportunities for students in the A.A.S. Forest Management Technology Program offers the following guidelines.

#### **Students who meet the following requirements will be offered admission to Virginia Tech for either the summer or fall term in any major within the College of Natural Resources:**

1. Successful completion of the Forest Management Technology A.A.S. degree with a minimum GPA of 2.5 or better.
2. Completion of Math163 **or** Math 164 with a grade of C or better.
3. Completion of English 111 with a grade of C or better.
4. Two years of high school biology, chemistry or physics **or** one year of high school biology, chemistry, or physics **and** one semester of college level biology, chemistry or physics.

Virginia Tech reserves the right to deny admission to students who have been academically dismissed or suspended or to those convicted of a felony or have serious disciplinary records.

Virginia Tech waives its application fee for students with demonstrated financial need. An interested student should submit a written request that includes an explanation of financial hardship to the Virginia Tech Office of Undergraduate Admission by February 15<sup>th</sup> prior to the summer or fall term of application.

The Office of Undergraduate Admissions and representatives from the College of Natural Resources will review these guidelines every two years.
