Re: Response to the Resolution to ***“Reviewing the Appropriateness of Community College Facility Names”***

Dear Dr. DuBois and Members of the State Board for Community Colleges,

In a resolution on July 16, 2020, the State Board for Community Colleges requested that “local advisory boards of each of our 23 colleges to review the appropriateness of its college, campus(es), and facilities names, and report back on or before the regularly scheduled March 2021 meeting of the State Board with facility name changes it has made and recommendations regarding college and campus names that should be changed by the State Board.”

The Dabney S. Lancaster Community College Local Board, during its September Board meeting, a special October Board meeting, and during its December Board meeting, reviewed diligently each campus building name as well as the name of the college through significant research and results from a community survey.

Based on the review of all buildings as well as a deep review of the life of Dr. Dabney Stewart Lancaster, **the Local Board of Dabney S. Lancaster Community College recommends no changes to any of the college’s buildings as well as the college name.**

Most sincerely,

Stephen Vaughn
